**MOVED BY: Peggy Roque**

**SECONDED BY: Dave Froats**

**RESOLUTION NO. 26-091**

**WHEREAS** the Independent Electricity System Operator (IESO) has advised the Ministry of Energy (MOE) that the proposed TC Energy Pumped Storage Project on Georgian Bay should not proceed, citing concerns that the project would represent an unfavourable financial arrangement for the Province of Ontario; and

**WHEREAS** the proposed TC Energy Pumped Storage Project on Georgian Bay could cause irreparable harm to the environment and could have significant negative impacts on the local animal, plant, fish, and human populations; and

**WHEREAS** the Project could irreversibly alter and damage the unique ecological, cultural, and historical features of the area, putting at risk the important tourist industry, sport and commercial fishing that relies on these natural benefits; and

**WHEREAS** the Department of National Defense (DND) have failed to adequately remediate the environmental impacts of the military base over the years making it a brownfield site, meaning that the area is already polluted and that the proposed project would exacerbate the situation.

**NOW THEREFORE BE IT RESOLVED** that the Council for the Municipality of Killarney opposes the TC Energy Pumped Storage Project on Georgian Bay and urges DND to immediately implement measures to remediate the military base to ensure that the area is fit for human and animal habitation; and

**BE IT FURTHER RESOLVED** that the MOE cease their support of the Project, accept the IESO recommendations that the Project should not be approved, and therefore avoid placing an unnecessary financial burden on Ontario taxpayers; and

**BE IT FINALLY RESOLVED** that this resolution be forwarded to all those noted in the resolution of the Township of Georgian Bay.
